### ANNOUNCEMENT

FOR AUDITOR.

We are authorized to announce JOHN B. CHENAU, of Madison county, a candidate for the office of State Auditor, subject to the action of the Democratic State Convention.

FOR REPRESENTATIVE.

We are authorized to announce W. L. WILSON, of Madison county, a candidate for the office of State Representative, subject to the action of the Democratic State Convention.

THE McNary resolution declaring that it was against the policy of the United States to annex the Philippine Islands, passed the Senate by a vote of 20 to 22. Deloe voted yes—Lindsay, no—Charles Morris.

JUDGE BERRY resigned yesterday from the Federal Bench. He has the respect of every lawyer who ever had a case before him. Among those who suggested his resignation were Hon. A. E. Wilson, Walter Evans, St. John Doyle, David Fairleigh, Jno. W. Yerkes, Dan Lindsay, Judge Holt and Congressman Fugle.

A GRATEFUL illustration of the power of public opinion is McKinley's appointment of a commission to investigate General Miles' charges of poisoning soldiers with "embalmed beef." The President affronted the public sense of decency and justice by rewarding Egan with six years' vacation on full pay. Now, having saved the agent of the Alger-Corbis syndicate, he seeks to placate public sentiment by ordering an inquiry into very specific and substantiated charges of General Miles.

(Nicholsville Democrat.)

Below we submit a list of ten questions, which we defy any goldbug or Republican to answer, without evasion, according to the facts as they can be proven and not equivocal himself of being in the wrong.

First.—Is not the purchasing power of the dollar greater now than it was from 1880 to 1892?

Second.—If its purchasing power is greater, does it not take more labor, produce or merchandise to get a dollar?

Third.—If so, does it not mean that in proportion to the amount of business, labor, produce, etc., there are fewer dollars in circulation?

Fourth.—Is the debt or tax paying power of the dollar any greater now than it was from 1880 to 1892?

Fifth.—Does it not make more labor or farm produce to pay a debt of \$100 now than it did in said period?

Sixth.—If it does, will not a creditor who holds a note or mortgage drawn before 1892, get relatively more for his note or mortgage than the debtor contracted to pay?

Seventh.—Would there be any injustice to the creditor in restoring the same ability to pay that the debtor had when he contracted the debt?

Eighth.—Is it not reducing the debtor, to increase the purchasing power of the dollar between the time of his contracting a debt, and its payment?

Ninth.—Is not the lowering of the price of labor and produce many per cent, equal to increasing debts and silver an equal per cent?

Tenth.—Would the free coinage of silver, at the present rate, increase or decrease the purchasing power of the dollar?

THE President is backtracking in his Imperialistic ideas, if we are the judge by his late speech at Boston.

"That the inhabitants of the Philippine islands will be benefited by this republic is my mistaken belief. That they will

show on Canal street a thousand citizens witnessed the novelty of Will's skating up and down the Mississippi river from Mobile to the Gulf of Mexico.

Mr. W. G. Carson and Miss Booker Duncan were married at Bloomfield last week. The bride was Miss Mary Logan, of this city, and the groom, James (deceased) and Tate Duncan, attended Central University.

Mr. and Mrs. Carson will live in Columbia, Mo., where the former is a prominent merchant.

NO IMPERIAL DESIGNS. "No imperial designs lurk in the American mind. They are alien to American sentiment, thought and purpose. Our principles principles undergo no change under a tropical sun.

"If we can benefit these remote people, who will object? If in the years of the future they are established in government under law and liberty, who will regret our perils and sacrifices? Who will not rejoice in our honor and humanity?

"I have no light or knowledge not common to my countrymen. I do not prophesy. The present is all-absorbing to me, but I cannot bound my vision by the blood-stained trenches around Manila, where every red drop, whether from the veins of an American soldier or a misguided Filipino, is anguish to me; but by the broad range of future years, when that group of islands under the impulse of the year just past shall have become the gems and glories of those tropical seas, a land of plenty and of increasing possibilities, a people redeemed from savage indolence and habit, devoted to the arts of peace, in touch with the commerce and trade of all nations, enjoying the blessings of freedom, of civil and religious liberty, of education and of homes, and whose children and children's children shall for ages hence bless the American republic because it emancipated and redeemed their fatherland and set them in the pathway of the world's best civilization."

SYRUP OF FIGS

NEVER IMITATED QUALITY

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the California Fig Syrup Co. with the medical profession and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not grip or nauseate. In order to get its beneficial effects, please remember the name of the Company.

Have You Heard of It?

You may have heard about SCOTT'S EMULSION

and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact. The hypophosphates that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

Practical Hints on Advertising.

The science of advertising is in its infancy, even in England. It is growing in importance and efficiency every day. It is used to be a speculative venture—now it is a scientific certainty.

No man has ever reached the acme of business success. Heights that we do not dream of will be attained by twentieth century merchants. I am one of those who believe that there is no limit to the possibilities of human achievement. No man has ever yet made a success of business without advertising of some sort. May be he doesn't call it advertising, but it was advertising just the same. Advertising primarily consists in letting people know you are in existence and what expense you have to it. Takes More Papers Than He Can Read.
